

Privacy Policy

Interactive 3D B.V. (i3D.net) takes great care in handling the personal data of her customers to guarantee customer privacy. Personal data is carefully converted and secured. In this process, i3D.net follows the demands stated in the Law of the Protection of Personal data (Dutch): <http://www.cbpweb.nl/Pages/home.aspx>

Your rights

At any moment you are allowed to request i3D.net to reveal which personal data is being kept in your customer profile, and if necessary we can correct or delete this. You can send in a ticket or simply by e-mail with the reference of your name and address to our helpdesk at legal@i3d.net.

Security data

i3D.net uses security procedures to keep unauthorized people from obtaining access to personal data.

Visiting data

On our website, we keep a general history of the pages that are visited on our site, to know which page(s) are visited most. The purpose of this system is to improve the setup of our website, so i3D.net can further optimize their services; the information is not used for any other purposes.

i3D.net also tracks logged-in profiles to verify account information.

Network Data

i3D.net uses network analyzing software to optimize the quality, stability and security it's network. This data will be saved for 24 months at most. By analyzing this data i3D.net is able to improve it's network protection from outside threats so that i3D.net can guarantee it's user policy and terms.

Modifications

i3D.net has the right to make changes to this Privacy Statement. Therefore, please check this page regularly. If you have any questions, please contact us.
